toku ingoa

No reira tenā koutou, tenā koutou, tenā ra koutou kātoa

I will bring to the Tumu Kaituna 14 Trust skills in governance and leadership, advocacy, cultural resource management and planning, strategic planning, communications, engagement and transparency and an understanding of the political landscape in Tauranga Moana. After 25 years of service to Nga Potiki a Tamapahore Trust as an original Trustee, Office Administrator, and Manager for the Resource Management Unit, I will bring to the team skills, experience and commitment from being in these roles. I am a director of two companies, I chair a number of community committees and land trusts, I sit as a panellist on the District Licensing Committee, and I am a certified RMA Commissioner.

I have always been passionate when it comes to whanau, marae and Maori land development, mana mo te taiao, mana mo te whenua and mana mo te moana.

I believe my main focus as a director will be working as a team to deliver capacity and capability for whanau, housing and papakainga, potential business ventures, and to maximise the assets and minimise the liabilities.

Nga manaaki

Matire Duncan.
